User comments

Type of comment: An objection
<p>It is green space and agricultural land there is no room for more infrastructure and quality of life will be spoilt. There will be an increase in pollution there is plenty of Brown space available around the Dewsbury area. There are ancient woods that need to be preserved . There are not enough facilities to cater for more households. It will change the character of the area which is semi-rural It will decimate the wild life especially the bee population</p>
