User comments

Type of comment: An objection
<p>This is Green Belt land which needs and must be protected, why have such legislation in place to help keep these beautiful much needed areas if just for profit they will wipe away such legislation just for Houses, there's plenty of areas that offer the ability to have house built no just land that is free but disused buildings which can be turned in to affordable flats, my parent's live with views on the the back of Leeds Road and for that to be taken away for houses when empty buildings are becoming dilapidated and making Dewsbury look disgusting rather than the town it should and once looked like, if we keep taking such vast amounts of land away then it will destroy wildlife and the planet we are trying to put back together before this land is built on other buildings should be used first thats how you support a better Green planet using what has already been build rather than destroying a beautiful sight which doesn't need to be touched .</p>
