<p>I strongly object to this application.</p> <p>We have lots of empty homes that are not been used, factory/office space are been put up all over and left empty. What's the point in ruining some lovely countryside where people from our community can go for lovely walks with their children and explore there surrounding area with lots of wildlife and learn about nature.</p> <p>People using the road are already frustrated with the volume of traffic, putting more house and factory will only make thing worse.</p> <p>Doctors surgery are full, how do they expect them to cope, as things are we find it hard to get appointments.</p> <p>The council should not allow this development or any other development to build on our beautiful countryside. Our children and their children should be allowed to enjoy there surroundings as it's meant to be with clean fresh air where we can teach them to appreciate their environment.</p>
