Type of comment: An objection
<p>why do we need more housing or factories when we can't even fill the ones we have. We will only be putting structures up that will not be used and left empty for years.</p> <p>As it is we have too many cars on the roads causing traffic jams and polluting the area.</p> <p>Doctors surgeries can cope with the volume they have now.</p> <p>We have enough schools in the area.</p> <p>The walks and the woods should not be destroyed just because they say we need more housing. Use the houses that are abandoned instead and save not just this area but all other area in the area</p>
