<p>I already have horrible traffic noise on a night from the bypass the noise will I presume be annoying from the rear of the property too !! Not to mention the air pollution , huge impact on the already over busy roads , all the houses built within the last few years wether in the village or outskirts just adds to chaotic roads heavily built up congestion on owl lane at peak times , also a lack of resources, there's already a shortage of dentists , doctors , school places . These fields are totally unspoiled especially the dogloitch woods and should remain that way , I appreciate houses are needed but at what cost , you cannot buy cleaner air good health and our beautiful areas . When these are ruined they are gone forever .</p> <p>Kind regards</p>
