<p>No no no. Please do not build on this beautiful countryside. This land is why i choose to live here. We have brought our children up walking in this land and playing in the woods and streams. It's where i choose to walk from my door step every weekend and sometimes on light night evenings. Our dog can happily run around. The nature is wonderful and its stunning every season. Even walking in the winter. Destroying these fields will just create more pollution, noise and litter. The traffic on Leeds road is already unbearable. I have supported this cause of saving our greenbelt from the start. So many people walk in this area and evven more so since this dreadful pandemic. This is my mindfulness after working all week. The farmers want to still work this area so they can still provide an income of sorts. I cannot understand why this area of beauty needs to be changed. There are so many disadvantages. Please just leave our greenbelt to thrive and our nature to develop.</p> <p>With sadness</p>
