Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

## User comments

Type of comment: An objection
<p>This application should not be allowed as there would be loss of green belt land for the enjoyment of future generations resulting in a loss of wildlife and ancient woodland and hedgerows which i and many others enjoyed as a child leaning about nature and the environment.</p> <p>In this time of concern re climate change there will be a huge increase in air pollution due to excessive traffic on Leeds Road, Heybeck Lane, Chidswell Lane., Owl Lane and the whole of Tingley and Shaw Cross causing danger to pedestrians especially children and the elderly. This would also cause the symptoms for asthma sufferers to be exacerbated along with the fact there will be a loss of areas where exercise and recreation can be undertaken resulting in more ill health and mental health issues.</p> <p>Dewsbury is a town with a massive obesity problem and the money would be better spent on education and recreation to solve this. Also Dewsbury as a whole needs long term sustained investment to enable people to visit without feeling threatened and intimidated and with better shops and facilities thus promoting well being for future generations.</p> <p>There appears to be a massive excess of developments in Kirklees as a whole. I therefore object to this application and wish my objection to be brought to the attention of the relevant planning meeting.</p>
