What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>this beautiful site, we strongly oppose any destruction of this green and open land, there isn't enough areas like this left in our area to be taken away for more houses and empty warehouses, the farming land that is used to feed farm animals that are farmed for our local supermarkets will be totally destroyed and lost.</p> <p>This green belt has a variety of birds, animals and wildlife of which people were able to make the most of whilst in lockdown, we have an abundance of red kites and sparrow hawk, pheasants, Canadian geese, foxes, hedgehogs and most recently deer. That's aside from the squirrels and birds that will have their habitat destroyed, ancient trees and hedgerows that are full with fruits of the seasons, this habitat has something to give whatever the season, the farmers that have farmed this land for many years will lose there live stock and living due to loss of their fields, would you be happy with this as well as killing nature around the area? What will happen to all the wildlife and the farmers?</p> <p>This will cause massive disruption to the local roads which are already extremely busy, pollution will go up ten fold, traffic will be at a standstill, there is no room to change the structure of the roads to accommodate this, there is no room for any more people in our doctors, dentists, schools, we are already at bursting point. We have enough houses in this area and do not want to join up with Kirklees and Dewsbury, what will happen to Chidswell- Shawcross- Gawthorpe- Tingley we don't want to be one area. The air in this area is a clean pollution free area where you can go and enjoy the open fresh air, this needs to be available for people to enjoy for generations to come as their green belts will become less and less elsewhere, make this an area for people to have this experience and enjoy, put your industrial units down Grange Road where units are stood empty instead of building new ones just to line pockets, when it's gone, it's gone</p>
