Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

## User comments

Type of comment: An objection
<p>The road past my street is already used as a "cut through" to Leeds Road and is treated like a race track. During rush hour and throughout most of the day, the surrounding roads are extremely busy, the roads simply won't cope with the extra traffic. I noticed that the traffic flow is being monitored with cameras, but the findings from this won't be a true representation considering many people are still working from home and therefore not commuting.</p> <p>The character of this beautiful green land will just be completely ruined. The building process will mean we live next to a dirt track for several months, not to mention the noise and disturbance! Once the work is complete, the stunning views and walking routes we are blessed with will have been snatched away. The pollution will also be hugely increased as this area is our "green lung"!</p> <p>There are so many unused empty buildings around the area, they should be used to turn into housing. You only need to drive around the area and take a look at the several For Sale boards to see how much the residents of this area disapprove of this planning application. People are literally moving out of their homes to escape it.</p> <p>Build somewhere else - use existing brown belt land to build on, not on green land!!</p>
