<p>I am very concerned about the loss of valuable green space, which my family currently enjoy as dog walking space. There are a lot of housing developments in the immediate area, and green space is vital for emotional and physical wellbeing.</p> <p>My other main concern is the effect that extra residential and commercial developments will have on the already extremely busy roads in the area. In particular, Leeds Road is ridiculously busy during rush hour times, and the extra traffic generated would make journeys during these times even slower and more irritating, and adversely affect air quality in the environs.</p>
