What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>This is an area of outstanding beauty and green belt, there will be devastating effects on wild life, flora and fauna and farm land, massive increase in additional traffic on a road infrastructure that can barley cope under the current level of traffic, the road safety will be impacted with additional vehicles, additionally the pollution that comes with extra road vehicles would be impacting on public health, additional strain on community schools and an already overwhelmed NHS. If this plan goes ahead there will be an increase in noise pollution during and after the development with machines bringing building materials to site and massive impact on large vehicles serving companies after the development is completed. The effect on local residents during building and after will suffer from noise pollution and increased disruption causing stress and anxiety.</p>
