<p>The area is being over developed. More and more housing and office space but no regard to environment, road safety, level of traffic. Tingley roundabout cannot cope with the current level of traffic. Schools, doctors and dentists in the area are all full to capacity already. Already many office spaces standing empty so why do we need more? Especially now more people working from home. This combined with all the other development in the area is too much. Haigh woods development backs on to this area which will just increase number of cars on the roads in the area dramatically. Roads that are not built for the number of cars proposed.</p>
