<p>I object to the proposed planning application as it is devastating to the area we have had numerous developments in ormsby way shawcross ,grange road and housing from owl lane to Bywell with proposed housing at the side of Windsor road there is no need for more factories building when you can see a lot of them up for let .if you need to build there are plenty of derelict sites e.g. Pulled down garages pubs and old factories in the area without taking over productive farm land which gives many people a lot of pleasure walking and enjoying all the wildlife .</p> <p>I have great concerns about increased traffic it will bring especially on Chidswell lane it is not adequate for all the cars now and at peak times there is a rat run of cars taking a short cut.</p> <p>This is a horrendous proposal the green spaces are getting less and less and we should look after what we have left when there gone they are gone for good.</p>
