<p>I am writing on behalf of my father The plans are going to have a major impact will include the plans of one entrance and have always used and enjoyed the surrounding green land. My grandchildren come and enjoy the space, how is this going to effect them on a safety side</p> <p>Ive recently started with near future plans of selling but this will be a major change to my plans, my house will be devalued and at a guess i will have trouble selling! We spent years and now we have this fight on our hands. The effect it will take on the natural nature of the lands, many animals will lose there home, the beautiful landscape will be no more.</p> <p>The noise, smells from the new premises will have a big impact, not mentioning the extra traffic it will cause.</p>
