<p>The small town of Ossett cannot take any more people using its amenities. The green belt land is precious to our well being and that of the animals and plants that live there. This cannot be allowed to happen as we will lose an important part of our lives, the area is used by so many people for walking, biking etc and so many children and families rely on green space. Also if all the trees are cut down how will the land drain? The surrounding areas will be flooded when we have heavy rain.</p>
