What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>we think it is disgusting these plans have been made. It is plans like these that will inevitably destroy our planet and it's wildlife. It is important to remember the world and the animals which inhabit it were here a long time before humans were, we have absolutely no right or reason to go ahead building houses on Greenland which are not necessary, there are more than enough houses for sale online and through estate agencies if somebody wants to move to the area!! A lot of the houses built these days on mass estates like this one are cheap, poorly sourced, quick builds that are priced way over the cost which contributes massively to capitalism and supporting the bourgeoisie! The plans make note of a primary school, yet no plans for a high school? Why not? There simply won't be enough room for them at the existing schools! Traffic and CO2 emissions are already ridiculously high and building these plans will only make our roads more congested and contribute to the destruction of our earth, I would hate for you to be responsible for that, I would seriously think again about building them! The plans are in a word, laughable...I strongly OBJECT!!</p>
