<p>The increased pollution and traffic would be terrible for local residents and for the local wildlife. As a keen jogger I am extremely upset that this beautiful, peaceful area is going to be destroyed along with local wildlife for the sake of a quick buck. This is an amazing green space which is enjoyed by local people and needs to be conserved for the community. There are less and less green spaces in this area and they should not be lost just so that someone can make a quick profit at other peoples expense. There are many people who do not have the luxury of a garden around here and they can enjoy this area on their doorstep. My family would have to walk miles before we see a green space such as this and it is unthinkable that this is going ahead.</p>
