No more pollution from increased traffic on the roads. No more destroying whats left of our beautiful countryside. Leave our wildlife alone, let them live and thrive in peace. These plans aren't for what is needed for our area but for greed only. All this is doing is making the rich richer at the expense of our lovely countryside and wildlife. No one wants this to happen and it needs to be stopped immediatly. All this will also cause extra pressure on our schools and teachers who already work extremely hard.
