<p>The application has no consideration to the local community in terms of pollution, highways, wildlife and general well being. The case has been discussed many times concerning green and brown belt yet an applications persists. local govt (Kirklees) has a duty of care to its residents. We have seen a little investment in Dewsbury town centre to re use some of the existing buildings yet many remain dormant. This proposal is floored at many levels: traffic, pollution wildlife Just to name 3</p>
