Planning application number 2020/92331

Subject: Planning application number 2020/92331

I object to the above planning application on the following grounds.

Health threats to children from pollution due to thousands of extra vehicles using the A653.

The land acts as a zero carbon emission "green lung" separating Kirklees, Wakefield and Leeds. Building on Chidswell Lane will create massive urban sprawl with communities losing their identity.

Local primary and secondary schools are already operating at full capacity.

Doctors surgeries and other public amenities would be unable to cope with rise in population.

The development is contrary to government national planning policy framework which supports health, social and cultural wellbeing.

The green area is full of wildlife and insects not to mention a population which should be protected.

Regards
