<p>I OBJECT and agree with 425 objections to date. Please listen:- All have valid reasons to reject this Application, from miss use of land that was designated Green Belt to give unquestionable status and conserve our borders with surrounding areas. Reinstate this to avoid a blot on the landscape, social and health problems, air, noise and environmental pollution, this is not a sustainable plan. Open Cast Mining application for the combine sites was rejected as should this proposal to destroy natural habitat, wildlife and farm land. At least open cast damage would be reinstated (eventually) back to the original state.</p>
