<p>This is a beautiful spot which I enjoy walking with my family. It is safe and free from traffic. It would be devastating if the planned developments go ahead and this green space is taken away from the community. It is a popular spot for families, walkers and joggers. This should be saved for future generations to enjoy and where children can explore the outdoors. Not to mention the increase on services already over stretched, more pollution, more noise and more traffic and less wildlife.</p> <p>Don't put money over peoples quality of life.</p>
