<p>I walk here regularly with my grandchild and it would be terrible for the community if this green space is taken away from the community. There aren't many places left that you can walk to and be safe and away from traffic. The whole area is lovely and it would be a huge blow to the community surrounding this area. The extra traffic, pollution and noise this will bring will be awful. Plus extra strain on services in the local areas. This is just another example of greed and profit put first before people. If this green space is taken away from us it will be a great injustice.</p>
