<p>This development is absolute insanity...</p> <p>It is railroading through a development which falls just 1 house short of putting in infrastructure. Its an absolute affront to how the process should be.</p> <p>The impact on local seVICES will be catastrophic, schools, doctors, highway infrastructure, destruction of wildlife and habitat... and all for what? To build homes of a type where there is currently a surplus of in this country.</p> <p>Its a pathetic insult to the loacl residents of this area.</p>
