I object against the planning on this land due with the following concerns: 1. Building on greenbelt is unacceptable during the current climate crisis. 2. The traffic on Leeds Road will become outrageously busy with it being a main road from Leeds through to Huddersfield creating masses of noise pollution which is already very high. 3. It will create safety problems for local residents who enjoy walking peacefully around the area due to high volumes of traffic. 4. Planning for this has been looking to go ahead for a very long time, there is a reason why it is constantly being delayed - It is just not right for this area.
