What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>I strongly object to this planning objection due to the huge detrimental impact it will have on the local area which in effect will become a massive urban sprawl with no natural open spaces. This will have a negative effect on residents quality of life, mental wellbeing and affect and alter the character of the area. The land designated is a beautiful natural space supporting wildlife and ancient woodland and the community benefits greatly from this. We have learned during this pandemic that natural open spaces have great value and are essential for peoples well being and mental health which is why we need to preserve our natural land and native species. There has been plenty of news coverage supporting and encouraging this over the past months. The environment is shaped in the decisions we make and this is not a good decision. There are many non greenbelt areas which should be developed and regenerated first before using greenbelt land. The local road infrastructure cannot support this proposed development, noise, pollution, excess traffic are already a problem for the residents and with other developments in the pipeline this is only going to increase. Unfortunately the only people to benefit will be the developers and landowner who appear to be putting profit ahead of quality of life.</p>
