What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>This is an area of essential greenspace between urban developments. It is an area of natural beauty and is home to many species of wildlife and insects The area which borders on Leeds City Council has insufficient roads / infrastructure to accommodate extra vehicles. Highway safety will be compromised Traffic congestion will be inevitable. Local roads and junctions are already under pressure from existing traffic levels. The level of CO2 emissions will be very high. Pollution levels will increase Schools are already at capacity. Doctors Surgeries are already at capacity. The site is on top of old mine workings which may be liable to subsidence The impact on the character of local area will be negative and irreversible. Brownfield areas should be used as a priority over green field and urban green space. The development will be an unnecessary blot on a beautiful landscape</p>
