What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

Dear Sir/Madam,

I am writing to object to the housing development on our beautiful countryside.

Every year on Mothers Day walk across the countryside (often taking different ways to ). Every way we go we find more and more beautiful nature. On our way we have to cross the stream and honestly I have never seen water so clear. If you were to happen to build then this may pollute the clean, clear stream.

Also as we walk we see the and hear the sound of many birds including . Where would all the wonderful nature go?

I would ask you to take one walk across my beautiful countryside then rethink about killing all the . Would you like someone to come and destroy your home?

And what about the gorgeous bluebells that bloom every year?

Another point is there are too many children in my area to be able to get into local High Schools. From what I know there are waiting lists for both Ossett and Horbury Academy. Where are all these children going to go because I don't see any High Schools on your planning?

Also, are there going to be more traffic jams because the traffic is bad enough now.

Finally, when I have a child one day I would LOVE to take the same walks in Dogloich Woods, especially the time we stuck our faces in the snow making prints of our faces. How can we make the same fun memories when there is a housing estate in the way?

I am sure there are much kinder, suitable places for new houses that are needed in the future.

Yours sincerely,
