<p>This area is already congested and Owl Lane and A653 grind to a halt when there are any incidents involving traffic flow. Breakdowns, accidents, roadworks, etc reveal the area is already at full capacity. I have observed the cameras, which I assume were for traffic impact assessments, at times when traffic would be obviously reduced - school holidays and just after lock-down. Chidswell Lane will also see a huge increase in traffic as people try to find short cuts.</p> <p>Although this development is in Kirklees it will have a huge impact on Ossett traffic and local infrastructure - schools, doctors, dentists etc.</p> <p>This is the wrong site for such a development.</p>
