<p>To whom it may concern</p> <p>I strongly object to the development of the beautiful greenbelt land at chidswell, the same land that was described by Eric pickles an area of outstanding natural beauty. One of my main concerns is the additional traffic which at certain times of day is already gridlocked on Leeds rd , and that's before thousands of extra car's and lorries, add to that all the extra pollution this would create. Also the area doesn't have enough doctors , dentists etc without the additional demand this development would bring, there must brown field site in Kirklees that could be used, also you make use of the many empty buildings by turning them into apartments, and there many many industrial units empty without building more</p> <p>There isn't a lot of countryside in he area for people to walk and enjoy a break from the towns , so it would be in our best interests to leave the beautiful green belt land alone</p> <p>Kind regards</p>
