<p>We have chosen to move to this part of Leeds to enjoy the countryside views and wildlife, both of which will be impacted not just visually but physically aswell. I have to wonder where the development will end. We need some countryside and especially with everything going on in the world, our home and recreational areas are so very important. Please dont take this away from the local people. Environmentally, the impact this wil have on peoples health as green space diminishes is not insignificant.</p>
