What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>The proposed development will result in thousands of extra vehicles using the A653 and surrounding road network, including the M62 & M1 which are already often congested in this area. The extra vehicles will also have a negative impact on air quality for residents living in the area and in particular local children.</p> <p>The green space and trees thereon, currently absorb CO2, so building on the land will remove this capability and have an additional negative impact on air quality for residents. It goes without saying that the development would have a massive negative impact on the local natural environment.</p>
