Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>I now find that you are taking all this away to build houses, a school etc. If you had bought a house purposely with a lovely outlook of natural beauty,</p> <p>Noise and pollution from traffic. Congestion on roads that are already over congested with queues backing all along Leeds road. A school that is going to attract more noise and congestion at peak times along with the working class travelling plans. Heavy goods vehicles tramping up and down to proposed work buildings.</p> <p>How much do you think your property would be worth after all this? Would you buy a house with all this happening around you knowing your children or grandchildren are going to breathe in all this pollution from traffic that could trigger all sorts of ill health? . Think about your family and what effects it would have on their health. Let your child or grandchild breathe this in and see how you feel.</p> <p>Kirklees should be proud of our greenland and look after what we have. This is natural beauty and should remain natural beauty. We have all different kinds of wildlife surrounding us that you have not even given a single thought about.</p> <p>I am also curious as to the flooding aspect how much more effect is this going to have on an already ongoing problem that has never been solved.</p> <p>There are many unattractive derelict building plots and wasteland that could easily be built on. You could look at these and smarten Kirklees up so we have something to be proud of instead of looking to spoil natural beauty. I ask myself WHY!</p>
