Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>Is this another plan by Kirklees to make sure that North Kirklees is covered in concrete and tarmac all the time there seems to be a chipping away at our "green lungs. Whatever happened to the policy of protecting the green belt and making sure developments are on brownfield sites?</p> <p>Anyone who has had to drive in this area will know what strain there is already on the road system, how can it be justified to add more to it?</p> <p>If there were any considerations for the health of the people who regularly use this area for recreational purposes then it would be a no brainer to reject this massive development out of hand.</p> <p>Kirklees Council has to be one of the worst councils when it comes to environmental issues, what consideration will be given to the impact on the wildlife in this area, if it is anything like the recycling policy. then the answer is very little.</p> <p style="text-align: right;">I know the impact of this massive</p> <p>development will turn tranquil countryside into a small town that no one apart from developers want.</p>
