Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>Additional comments to my objection of earlier today:</p> <p>I recognise and understand the real need for increased numbers of 'starter' homes throughout the UK to help people who are currently unable to get onto the property ladder, however I cannot accept that destroying such beautiful and important green-belt sites is an acceptable way to achieve these aims. I also cannot believe that this proposed development would contribute much to the need for such starter-homes. There are huge numbers of unused / under-used buildings of different sorts in and around our flagging town centres which should be re-developed and would help to invigorate and revive those towns.</p> <p>Similarly there are swathes of 'brown-field' sites where building new housing developments (with appropriate & sufficient facilities) would improve those areas.</p> <p>If the developments proposed in this application are allowed to go ahead then we would all lose so much, forever - we would never be able to bring it back!</p> <p>I would implore all involved in the decision-making process to make time to visit and explore the different areas of the proposed site, so that they can understand why so many of us in our local communities are making our objections. I am sure that there are plenty of us who would be willing to join and help to show them around.</p> <p>I would like to be made aware in good time of any discussions, forums or further consultations on this application so that I may attend and contribute.</p> <p>Thanks for the opportunity to make my views known.</p>
