

Subject: PROW Planning applications (refs: 2020/92331 and 2020/92350)- Chidswell
Date: 12 November 2020 19:13:34

[PROW Planning applications \(refs: 2020/92331 and 2020/92350\) Chidswell](#)

PROW has no objection in principle to development.

The above planning applications are outline with access reserved, it is understood that this would only be the main access points from the existing ordinary road network and not any internal access arrangements. Please let me know if that is not the case.

An appropriate arrangement should be made for the off-carriageway links, including that to Leeds Road at the northern entrance to the site near Dum Wood, outline may be the necessary stage to do this.

The site designs must appropriately incorporate or make alternative appropriate provision for public rights of way. No details submitted are sufficient to consider those matters in detail.

Significant submissions regarding alignments, widths, construction, levels, sections etc. , for and affecting public rights of way, will be required prior to any detail being agreed or consented.

Regards,
Giles
