<p>This development proposal is disgraceful, the area is already extremely busy, the road system cannot cope with the extra volume of traffic that a new estate, school and care home that is on this proposal, Leeds road is already extremely busy with many nasty accidents. A school would cause horrendous parking problems. Dewsbury has lots of run down estates and empty houses that could be regenerated, spending the money on improving what is already available would make more sense. There is also the massive impact this would make on the wildlife in the area, spoiling the land that is home to so many creatures including owls and deers. The green belt is disappearing at a massive rate and needs to be preserved. We couldn't render an extension to the rear of our property because of the green belt yet the planners now think it's acceptable to built this monstrosity of a development!</p>
