Subject: Planning Objection (references 2020/92350 & 2020/92331)
Date: 06 November 2022 11:55:28

Dear Sir / Madam

I wish to object against planning references 2020/92350 & 2020/92331 (Chidswell Developments)

My grounds for objection are :-

- a. Loss of greenbelt land and ever increasing urban sprawl in this area. Soon, there will be no greenspace separating Kirklees/Wakefield from Leeds.
- b. Impact on local animal population which includes bats, barn owls and other bird species.
- c. Impact on local services, particularly schools and doctors.
- d. Impact on traffic in the area. There are already delays on the Grange Road/Challenge way route and two nearby recently started Developments in or near to Hanging Heaton will most certainly add to the current congestion. I also fear that traffic will try to avoid the Grange Road/Challenge way road when travelling towards Batley by using Hanging Heaton High street as a "rat run".

Kind Regards
