<p>Leeds Road, Shaw Cross area is already heavily congested for most of the day. Chidswell Lane is used as a rat run with drivers using the road as a short cut to miss the traffic lights at Shaw Cross. We already suffer with heavy lorries thundering up and down causing extra noise and pollution. Already been exacerbated by the Barret Housing development on Owl Lane which will continue when those houses are sold. The loss of the natural environment as we enjoy plenty of nature and wild life, which will be lost forever. We have pheasants regularly visiting our garden, an abundance of different birds visit. The loss of green space already lost in the Hanging Heaton, Shaw Cross area over the past year alone is showing that if this development goes ahead, the total character of this area will be spoilt forever.</p>
