I would like to object on the following grounds:- 1. Increased traffic on Chidswell Lane and Leeds Road causing congestion and accidents. 2. Noise pollution as to the rear of our bungalow will be play areas. We know from past experience these areas whilst welcome for children. They attract unwelcome gatherings of teenagers and other less desirable groups there will be drinking and the possibility of illegal substances being bought sold and imbibed. 3. Parking along Leeds Road as parents park to drop off and collect their children at peak times. 4. Increase in the strain to the infrastructure there is already not enough Doctors/Dentists and hospital beds. 5. The farmland to the rear of our bungalow is one of the most productive areas. At a time when we need as an Island to become more self sufficient we should be encouraging farming not destroying good farmland. 6. There is archaeological evidence that this land has been used as farmland since before Roman times. Which shows historically the significance past generations have valued this land for its farming productivity. 7. Loss of green belt at a time when the public has realised the value of open spaces. During lockdown the public walkways were well used and appreciated. 8. The wildlife, we have hawks, owls, bats, pheasants, guinea fowl, hedgehogs, voles and other rodents. All in abundance this will all be lost once the development commences. 9. There are many brownfield sites that can accommodate this development.
