<p>The traffic congestion will be hurendus. It's already crazy with lorry's and motor vehicles travelling at high speeds. There has been several accidents on Leeds Road. Two in the same place. It will be dangous for the elderly crossing the roads. The farming and wild life will be disrupted and killed. Crime will increase as there will be more opertunities for theifs and burgulars.</p> <p>It's hard enough getting in at the doctor's and dentist. The areas roads can't cope with the amount of traffic know. With all the 4 other building constructions at shawcross and soothill area.</p> <p>I don't believe this will help at all.</p> <p>Building substantial houses that will subside over a short time, as alot of the areas were used for mining and other uses.</p> <p>It will cause alot of pollution and look dreadfull. Just like the houses at shawcross and soothill. They look dreadful, some are subsiding and the roads are not finished.</p> <p>The type of houses built are of poor quality and built fast. How can they be substantial.</p>
