Postcode:	

## User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>This application will have gravely adverse effects on our health by way of mass pollution as a result of such a HUGE development - the developers are incapable of delivering such a development in an already over saturated area without causing a massive impact to the atmosphere.</p> <p>The loss of agricultural land would turn out to be a terrible mistake in the future and will be irreversible.</p> <p>The local wildlife and ancient woodland will be wiped out AND the effect on our childrens mental health will suffer when we have no footpaths on green space to take them for walks without getting in the car to drive somewhere - Just to take a walk.</p> <p>There is too much development in this small area and we will have no green space in between this area and Leeds, which is the whole idea of Green Belt - which this land should never have been taken out of.</p>
