Dear Sirs

I am absolutely devastated to see that the application attached remains in place to devastate the countryside around the area of Chdswell.

My husband and I walk our dog around this beautiful area most days. Not only is it a beauty spot, amongst other things it:

- Provides food through cultivation
- Provides employment for local people
- Provides entertainment and education for local children who learn about wildlife and countryside land management
- Is a haven for bees and insects who are well served by all the wildflowers and hedgerows
- Provides a habitat for all sorts of wildlife. We often see squirrels, hedgehogs, pheasants, guinea fowl, all sorts of birds and even deer

By replacing the wonderful countryside with industrial units and even more houses, when the area can not support the local people with schools and medical facilities already, seems criminal to me. This doesn't even begin to address the air pollution issue which will increase exponentially with all the extra cars which will come with the industrial units and new houses. Leeds Road already turns into a car park at peak periods, with waiting times to get through Shaw Cross and into Dewsbury totally unacceptable. The development on Owl Lane, and the new McDonalds will only exacerbate an already disastrous situation.

This doesn't even consider the traffic on Batley Road / Heybeck Lane which will be horrendously affected by the traffic leaving this development and joining an already overloaded road.

I object in the strongest possible terms to this development. Kirklees should be ashamed of itself.

Regards
