Subject: RE: [EXTERNAL] Attached letter from Kirklees Council regarding application number at location Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury

I am unsure why you have had two conflicting messages regarding this application and can confirm that we have overhead lines to the north of the site.

At this stage National Grid has no objections to the above proposal which is in close proximity to a High Voltage Transmission Overhead Line provided the easement conditions are adhered to and access to our towers are not restricted.

Please can you confirm that we will be consulted as this application progresses?

Best regards,

Andrew Lyons
