I live on Leeds Road and I object to the above applications.

There doesn't appear to be any need for the industrial units when there are so many empty ones available in the area.

The huge amount of additional traffic is going to be a complete nightmare for those of us living on Leeds Road. The traffic already queues at peak times making it difficult to travel anywhere.

Thirdly, such a huge amount of additional traffic is going to massively increase pollution. Please seriously consider these objections. They are of very real concern to me and my neighbours.

Kind regards.
