To Kirklees Council

Many people say Kirklees Council will not listen to our objections to the devastating development Chudswell & Haybeck.

I hope they are wrong!!!

The development will cause traffic problems & more crashes. Traffic jams can last for hours.

I agree there is a need for new houses but!!

there is a need for saving the environment with a place that is well visited & has many animals & should stay like that for years to come.

Green spaces are special & I have always voted for us to be able keep them.

come on Kirklees look after the people who vote for you!! I also worked for Kirklees for 36 years.
