<p>I an extremely concerned regarding the loss of agricultural land that will occur if this planning process is allowed to complete, particularly with the war now taking place in Europe. As a result of this war, valuable crops grown in that region have now been destroyed, severely impacting on such imports to our own country.</p> <p>I therefore strongly object to this plan.</p> <p>I am worried too of the severe and damaging impact likely to occur on the wildlife in this area if this planning process is allowed to complete- particularly Skylark and Yellowhammer, which breed on this land in large numbers.</p> <p>I therefore strongly object to this plan.</p>
