**Subject:** Proposed housing development, industrial and school buildings at Chidswell, Dewsbury.  
**Date:** 22 November 2022 13:20:40

---

There are already 43 developments in progress at the present time in and around the Chidswell Site and Heybeck Lane where you are proposing a further 1520 dwellings plus Industrial development.

Many of these are being built or are to be built on Greenfield Sites.

The area is already saturated with housing making access roads unable to cope with the additional traffic including large lorries as well as cars and Van's. All this traffic will cause more greenhouse gasses in the area making the atmosphere more polluted.

There must be a cut off point at some stage and that has already be reach meaning any further development should not be considered.

As, has already been said many times by many people living in this area we are losing farming land, areas for walkers and areas for wild life.

I totally oppose the whole project and request that it be shelved right now.

The noise levels alone are far higher than is acceptable on the A653 Leeds Road, Dewsbury.
