Do you wish your comments to be published on the website anonymously?	Yes
<p>conservation of buildings and conservation of the natural environment effect on trees and the landscape design, appearance and layout effect on the character of an area noise, disturbance and odour impact on highway safety and traffic previous planning applications</p> <p>Dear Kirkless Council</p> <p>All of the above points that you consider in applications will be affected, worsened and/or destroyed by the planning application for this area.</p> <p>As said on previous objections there just isn't the infrastructure for this amount of construction and then ultimately influx of population in terms of highways and services.</p> <p>The complete destruction of already diminishing farmland and habitat loss of many species still has not been considered by applicant which shows an alarming amount of discontent.</p> <p>I could go on all day but this is not suitable for development on this scale.</p> <p>Where I live I will be affected but I worry for those people who will be on the doorstep of this grotesque proposal.</p> <p>Please say no to this!</p>
