<p>I object to this planning application being approved for a number of valid reasons. I am a local resident and this development will negatively affect the quality of life and nature of the area. It will result in the loss of amenity affecting my mental health and well being and that of all residents. Air quality will be badly impacted as there is insufficient infrastructure for the extra traffic which will be queued daily by our homes.</p> <p>There will be loss of agricultural land and biodiversity and damage to ancient woodlands that will never recover. This development is not needed, not wanted and should not go ahead.</p>
